Q: *Is a prescription required?*

A: Yes. Just like your local drugstore, we require a valid prescription from a licensed physician.

Q: *What about the quality of the medications?*

A: All of our medications are of the same quality, purity, and potency as those available in the USA. In fact, many of our medications are manufactured in the USA or produced by American companies in their international facilities. Plus, all of the medications are government approved.

Q: *Are you licensed?*

A: Yes. All prescriptions are reviewed and filled by government licensed pharmacists and physicians.

Q: *Can I save more money with generic drugs?*

A: Yes. Generic medications are of the exact same quality and potency as brand name drugs, but cost less. To maximize your savings, with your permission, we will substitute generic drugs where possible.

A: Our free refill reminder service will call you 30 days before your refill is due so that you can authorize your refill order.

Q: Are there any duties, taxes, or any hidden fees?

Q: *How much is shipping?*

A: All your medications will be shipped to you for a flat rate per order of only $4.50 from our U.S. pharmacies and $9.95 from our Canadian and our other international pharmacies. Therefore, we suggest you order all your medications at the same time to save on shipping.
