THE CANADIAN MEDSTORE is the premier provider of affordable international medications. We are not a pharmacy but a US company whose goal is to help clients find the best price on their prescription medication. We work with a number of licensed US and international pharmacies to deliver safe, affordable medication directly to our clients' doors.

THE CANADIAN MEDSTORE has been in business since 2003. Even though our physical locations are all in Florida (Altamonte Springs, Lakeland, Largo, Tampa, Tarpon Springs, and Zephyrhills), our reputation has grown significantly and we now service thousands of people from across the United States. The word of our success is spread through customer recommendations as well as referrals from physicians and insurance agents, who know how valuable we can be to seniors, to the uninsured or self-employed—or to anyone who wants to save money. Unlike online pharmacies, we provide outstanding personalized service by providing free individual consultations to all our clients.

THE CANADIAN MEDSTORE is a locally owned business who can help you make better choices regarding your health care. We are a proud supporter of the community and demonstrate our commitment to strengthening affordable health care options by serving in leadership roles for the National Association of Health Underwriters. The Internet is a great source when looking up facts and statistics and when finding old friends; but when you are looking to make an important purchase regarding your health, nothing beats having a real person who is trustworthy and available to answer questions.
